Dear Mr. Singleton:

Your application for an additional \$13,895 for the USDA Urban Greening Initiative grant, No. 92-LA-5, is approved as Amendment #2. The additional funds are for continuation of the Hope L.A. Horticulture Corps. The revised total federal funding for this grant to \$239,895. Funding is provided under the Cooperative Forestry Assistance Act of 1978, as amended (PL 95-313). Federal funds are to be matched on a 50/50 basis. The expiration date for this grant remains March 31, 1995. The narrative and budget submitted with your application are incorporated in this grant as Amendment #2. Enclosed is a copy for your records.

This amendment is subject to the administrative requirements set forth in the original and amended grant award letters dated Sept. 23, 1992, and Dec. 2, 1993. A final grant performance report, final financial status report (Form SF-269), and final request for reimbursement (Form SF-270) are due no later than 90 days following the expiration date. The forms need to include information on both federal and non-federal outlays to show the extent that matching requirements for this grant have been met. The written grant performance report should contain sufficient information to show that specific grant objectives have been accomplished. The forms and report should be sent to:

Nancy Loller, Grants Manager  
State and Private Forestry Staff  
USDA Forest Service
