European Union (EU) Humanitarian Grant
Special EU Programmes Body
European Union House,
Castle Meadow Court,
Dublin Road,
Monaghan.

Dear Grantee,

Re: EU HUMANITARIAN GRANT.

Sequel to the email earlier sent to you, which had not been acknowledged, I have been directed to again inform you that you have been selected as a recipient of the year 2007 EU Humanitarian Grant.

You have been selected to receive a grant by the EU Humanitarian Grant Committee, in consultation with the State Department of your country. Your personal quality of esteemed leadership and capability in the sphere of charity and human support has been affirmed. Note that this award is a financial grant, details, which shall be made available to you later, after your application form is received, verified and validated.

This is in accordance with a bilateral humanitarian grant agreement entered into, and endorsed by the European Commission and your country.

I wish to request that you at this stage fill the grant application form below and return by email or fax to this office.

Awards Committee,
EU Humanitarian Grant
E-mail: eu_grants@europe.com
Fax: **+44 871 247 3227**

Official documents and details of your humanitarian grant will be sent to you as soon as your application is received and officially endorsed by the awards committee in consultation with the agency in your country.

Accept our congratulations.

Yours faithfully,

Bill Pauley
International Officer, European Union Humanitarian Grant
and
Chair, Special EU Programmes Body

Other comments (if any): It was our privilege a few years ago to serve as special consultant to the Director of the state of the art poverty abatement NGO **AID-Camilla, Inc.** based in Camilla, Bangladesh where we learned a great deal about the outstanding international economic development grants of the **European Commission.**

Thus it is a great honor and responsibility to receive an **EU Humanitarian Grant** and we pledge to use it to further develop and demonstrate our **12 element Sustainable Agro-Forestry (SAF) Garden Model** and **Biological Control of Malaria Sub-System** we believe can significantly and cost effective reduce chronic poverty worldwide as a response to the **UN Johannesburg Sustainable Economic Development 2002 Summit** call for collaborative demonstrations of significant *poverty abatement* models.
