

“FATHER OF HISTORY” HERODOTUS ON THE VEGAN DIET OF THE ABORIGINAL PEOPLE OF ANCIENT EGYPT/KEMIT AND ITS SOURCE THE SCHOOL OF ON (GOD)

The premise that the black Africans known as the **4 Anu Peoples** of the **“Nine Bow” Tribal Nations** of **aNubia (Anu Seth), Kush, Meroe** and **Kenthunnefer (Anu Antiu)** ___ the aboriginal founders and core of ancient **Egypt/Kemit** ___ followed the **Vegan Dietary Directives** of the **Bible, Genesis 1: 29 and 30** as followers of its source the **Ancient Egyptian Mystery School of On (Annu)** is supported by the “Father of History” the Ionic Greek Historian **Herodotus** in his **History, Book II** as follows:

“ ... the extent of Egypt ... is attested by the answer which (my judgment being already formed) I heard to have been given concerning Egypt by the oracle of Ammon. The men of the cities of Marea and Apis, in the part of Egypt bordering on Libya, thinking themselves to be not Egyptians but Libyans, and misliking the observance of **the religious law which forbade them to eat cows’ flesh**, sent to Ammon saying that they had no part or lot with Egypt: for they dwelt (said they) outside the Delta and did not consent to the ways of its people, and they **wished to be suffered to eat of all foods. But the god forbade them:** all the land, he said, watered by the Nile in its course was Egypt, and all who dwelt lower down than the city Elephantine [the 4 Anu Tribes of the “Nine Bow”] and drank of that river’s water were Egyptians. Such was the oracle given to them.” **(paragraph 19)**

Thus according to **Herodotus** who visited and lived in **Ancient Egypt/Kemit** in the 5th Century BC and was trained at the **Ancient Egyptian Mystery School of On (Annu)** the black Africans living along the Nile River known as the **Anu Peoples** as part of the **Annu Culture** of **Ancient Egypt/Kemit** followed the spiritual dietary law of the **Ancient Egyptian Mystery School of On (Annu)**. Cited in the **Bible Genesis 41: 45, 50** as the **School of On (God)** it forbid the eating of the flesh of cattle and other animals specifically addressed in the **Bible, Genesis 1: 29 and 30**. The followers of the **School of On (God)** were at minimal **vegetarian** and best **vegan** as were the followers of its sister institution the **Mystery School of Asia India**.

The esoteric **School of On (God)** taught King Scorpion, Pharaoh Menes, Pharaoh Khufu, Vizier Imhotep, Pharaoh Thothmoses IV, Queen Hatshepsut, Pharaoh Akhenaten and Queen Nefertiti, Joseph, Moses, Jesus Christ, Pythagoras, Socrates, Plato and Hippocrates to name a few religious leaders and political dignitaries. The esoteric **School of On (God)** was the spiritual source of the later social religions of the Essene Hebrew, Christian and Muslim social religions.

Consequently, the School of On (God) undoubtedly was the source of the Vegan – Vegetarian Dietary Directive of the Bible, Genesis 1: 29 and 30.
